**Compliance with Supervision Conditions and Prior Interventions:**

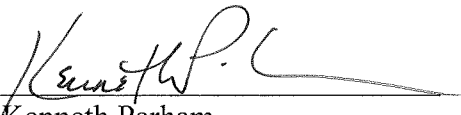

On August 2, 2012, the probation officer filed a petition to modify the offender's condition or term of supervision based on drug use violation (Document 43). On August 17, 2012, the Court approved Agreed Order filed by defense counsel in consultation with Government (Document 45). The Order requires the offender to participate in substance abuse testing and treatment which will include outpatient and inpatient treatment not to exceed 30 days and shall be followed by placement into RRC for up to 180 days.

The offender is currently on an intensive drug testing regimen, pending an assessment and placement into substance abuse treatment program on September 14th. He will be placed into RRC when bed space becomes available. The probation officer notes urine samples submitted by offender since September 4, 2012, have been negative for illicit drugs. The offender has also obtained employment through Elwood Staffing, beginning September 5<sup>th</sup>, earning \$9.00 per hour.

**U.S. Probation Officer Recommendation:**
